## **1. INTRODUCTION**

The Promotion of Access to Information Act, No 2 of 2000 (“the Act”) gives effect to the constitutional right of access to any information held by any public or private body that is required for the exercise or protection of any rights. The Act sets out the procedures attached to such request.

Section 9 of the Act, however, recognises that such right to access to information is subject to certain justifiable limitations, such as:

- the reasonable protection of privacy
- commercial confidentiality; and
- effective, efficient and good governance.

Section 14 of the Act obliges public bodies to compile a Manual, which would assist a person to obtain access to information held by the public body and stipulates the minimum requirements a manual has to comply with.

The purpose of this manual is therefore to inform a person on how to obtain access to records held by the Petroleum Agency, giving effect to Section 14 of the Act.

## **2. MANDATE OF THE PETROLEUM AGENCY**

The mandate of the Petroleum Agency consists of elements set out in the Ministerial Directive dated 16 April 1999 (Schedule 3), in the White Paper on Energy Policy of 1998, in the Mineral and Petroleum Resources Development Act, as the agency designated in terms of section 70, and in the Memorandum and Articles of the Association of the Petroleum Agency.

The Mineral and Petroleum Resources Development Act, Act No. 28 of 2002 (“M&PRDA”), came into effect on 1 May 2004 and includes provision for the Minister of Minerals and Energy to designate a State owned entity as being responsible for specified functions in relation to the management of rights to explore for, and produce, petroleum. The Petroleum Agency was so designated on 18 June 2004 and is working to ensure that it has the full capacity to meet its obligations in terms of the M&PRDA.

## **3. STRUCTURE AND FUNCTIONS OF THE PETROLEUM AGENCY**

The Petroleum Agency is managed by a Board of Directors appointed by the Central Energy Fund (CEF). The composition of the Board is described by the Ministerial Directive, and the Chairperson is appointed by the Minister of Minerals and Energy. A Chief Executive Office (CEO) is appointed by the Board on a five-year cycle. The CEO is assisted by a Top Management Team, as follows:

## **6. REQUEST FOR INFORMATION PROCEDURE**

### **Step 1: Application Process**

The Requestor must complete the request form (Form A) which is attached to this document and submit it by hand or by post to the relevant address as indicated in section 4. above.

An amount of R35.00 must accompany the request for information. This is payable by cheque or cash (if delivered by hand).

### **Step 2: Validation and Acknowledgement**

The Information Officer receives and validates the request to see whether the required information is available within the Department. The request is then accepted, rejected or transferred to the rightful keepers of the required

information. An acknowledgement is then forwarded to the requestor to confirm the status of the request.

### **Step 3: Information Processing**

If the request is accepted, the Petroleum Agency will gather and prepare the information and calculate the relevant cost involved. The cost is calculated in respect of paragraph 7.

### **Step 4: Final Notification**

The requestor will be informed of the completion of the request as well as the outstanding fees payable to the Petroleum Agency.

### **Step 5: Payment and Delivery**

Once the payment as stipulated in Step 4 is received (following the same payment process as in Step 1), the information is released to the requestor.

### **General Information**

The prescribed form must be completed with enough detail to at least enable the Information Officer to identify:

- The record or records requested;
- The identity of the Requestor;
- Which form of access is required, if the request is granted; and
- The postal address or fax number of the requestor.

The Requestor must state that he/she requires the information in order to exercise or protect a right, and clearly state what the nature of the right is to be exercised or protected. In addition, the Requestor must clearly specify why the record is necessary to exercise or protect such a right.

The Agency will process the request within 30 days, unless the Requestor has stated special reasons, which would satisfy the Information Officer, that circumstances dictate that the above time period should not be complied with. The 30-day period with which the institution has to decide whether to grant or refuse the request may be extended for a further period of not more than 30 days if the request is for a large amount of information, or the request requires a search for information held at another office of the institution and the information cannot reasonably be obtained within the original 30-day period. The Agency will notify the Requestor in writing should an extension be sought.

If a request is made on behalf of another person, the capacity in which the request is being made should be indicated.

If a Requestor is unable to read or write, or has a disability, then they can make the request for the record orally. The Information Officer must then fill in the form on behalf of such a Requestor and give them a copy.

## 7. FEES

There are two types of fees required to be paid in terms of the Act, being the:

- Request fee, which will be a standard fee, currently R35.00 per request; and
- An access fee, which must be calculated by taking into account reproduction costs, search and preparation time and costs, as well as postal costs.

The Information Officer must notify the Requestor (other than a personal Requestor) by notice, requiring the Requestor to pay the prescribed fee (if any) before further processing of the request.

If a search for the record has been made and the preparation of the record for disclosure, including arrangement to make it available in the requested form, requires more than the hours prescribed in the regulation for this purpose, the Information Officer shall notify the Requestor to pay as a deposit the prescribed portion of the access fee, which would be payable if the request is granted.

The Information Officer shall withhold a record until the Requestor has paid the relevant fees as indicated below.

The Requestor whose request for access to a record has been granted, must pay an access fee for reproduction and for search and preparation, and for any time reasonable required in excess of the prescribed hours to search for and prepare the record for disclosure, including making arrangements to make it available in the requested form.

If a deposit has been paid in respect of a request for access, which is refused, then the Information Officer concerned must repay the deposit to the Requestor.

The main grounds for the Petroleum Agency to refuse a request for information shall in terms of the Act (Act 2 of 2000), be:

  - a computer programme which is owned by the Petroleum Agency, and which is protected by copyright;
- (7) The research information of the institution or a third party, if its disclosure would disclose the identity of the institution, the researcher or the subject matter of the research and would place the research at a serious disadvantage.

Requests for information that are clearly frivolous or vexatious, or which involve an unreasonable diversion of resources shall be refused.

## **8.2 Appeal**

- (1) A Requestor may lodge an internal appeal against a decision of the Information Officer of a public body
